

MCCLD Aviation Spring 2025 Schedule

*The **mission** of our Aviation Program is to positively impact rural America by providing our youth an opportunity through aviation education and career path opportunities, so they can transform their communities and foster healthy relationships.*

MCCLD will host a spring Aviation Academy to focus on youth education for grades seventh through tenth. We will meet at our Wallace Campus every other Saturday beginning Mar 8, 2025 from 9:00 a.m. to 3:00 p.m. We will provide lunch.

Mar 8: Rocket Building | Aerodynamics | Airfield Operations

- Guest Speaker: First Officer Justin Howe, United Airline Pilot, Ret. USMC

Mar 22: National Weather Service | Aero Center Tour

- Guest Speaker: Dr. John Cromer, Air Medical Examiner

Apr 5: Mountain Air Cargo | KISO Tower Observation | Rocket Launch

Apr 19: EAA Young Eagles program flight (KACZ)
